Speaking Tour

"The Repurposed and Upcycled Life":

The before and after of turning second-hand trash to treasure can be inspiring. But have you ever noticed how the life circumstances we'd rather discard can also be precious treasures from God when he repurposes and upcycles our greatest struggles? When we realize the treasure in the trash, we begin to change our perspective on difficulty.

See how recycled junk reflects a repurposed life, which leads to renewed joy!
